RE: Implementation of AB199 and Inclusion of the Role of Filipinos in WWII in the History Curriculum Framework in California

Instructional Quality Commission
California Department of Education
Sacramento, CA 95814

Dear Sir/Madam:

We, the undersigned organization, write in support of the Implementation of California Assembly Bill 199 (AB199) and the inclusion of the important role of Filipinos in WWII in the History Curriculum Framework in California.

Our organization believe that Filipinos have contributed much to enrich the history, present and future of the United States. Filipinos have fought and sacrificed with and for the United States in various circumstances. American History will not be the same without Filipinos.

We ask that the sacrifices and courage of the Filipinos be properly recognized and included in the History Curriculum Framework.

We looking forward to a positive and exceptional outcome for the good of the students of California and the Filipino people.

Respectfully,

United Federation of Filipino-American Educators
Sacramento and Vicinity Chapter
